Subject: Outfall 503
Attachments: Possum Point Draft Permit Fact Sheet Edits.docx

Susan,

Attached are some suggestions for edits to the Fact Sheet to recognize the different types of wastewaters that could be discharged through Outfall 503. In Part I.A.13 you may also want to specifically add as dewatering water and contact water as follows:

Outfall 503 – Comingled Process Water, Ash Dewatering Water, Contact Water (Interim)/Ash Pond D Underdrain (Final)

Please let me know if you have any questions.

Thanks,

Ken Roller
